Installation Instructions

Dimensions

Instructions

Please consult qualified electrician prior to any electrical installation.

Step 1: Ensure the power supply is switched off before starting any installation work.

Step 2: Secure the wall bracket to the mounting surface using appropriate fixings.

Step 3: Feed the mains cable through the entry point and make the electrical connections inside the terminal block, ensuring all wires are firmly tightened.

Step 4: Position the main body of the fitting over the mounted bracket and secure it in place with the screws provided.

Step 5: Insert the lamp module into the top of the fitting and twist to lock it into position.

Step 6: Refit the top bezel by aligning it and twisting clockwise until securely tightened.

Step 7: Repeat the same process for the bottom lamp module and bottom bezel.

Step 8: Restore power and test the luminaire to confirm correct operation.

Disclaimer

This product must be installed by a skilled or instructed person in accordance with the current edition of the IET Wiring Regulations BS 7671 "Requirements for Electrical Installations" and the Buildings Regulations, as may be applicable subject to the location and country of the installation.

Should this product be modified, misused or not installed as per the instructions given, the product warranty shall be rendered void.

All information contained within these installation instructions manual is provided in good faith. Orlight shall not be held responsible for any losses incurred as a result of the Customer's failure to follow the instructions manual thoroughly and in its entirety or failing to inspect the product for missing parts and/or any defects prior to installation.

Wiring

Disconnect the mains supply before installation. Ensure that the unit is installed and maintained by a certified professional and that installation conforms to any local building regulations.

Note: Light fittings in general can become hot whilst in operation. It is advisable that they do not come into contact with any flammable materials such as fabrics, furniture, soft furnishings or touched during/after operation.
